SURAJ CHAUHAN

Database Administrator

chauhansuraj1110@gmail.com | +91 87448 15245 | Faridabad, Haryana, India | suraj-portfolio-dba.vercel.app

EXPERIENCE

One Portfolio Advisory Pvt Ltd **Sep 2025 – Present**
Junior Database Administrator Mumbai, India

- Own live database reliability for a financial advisory firm, supporting backup, restore, and disaster recovery processes to minimize downtime.
- Manage user roles, accounts, and access permissions to safeguard sensitive financial data.
- Monitor database and infrastructure health with AWS CloudWatch and Datadog, resolving performance bottlenecks before they affect the business.
- Write and optimize complex SQL queries for reporting and analysis; validate database-connected API endpoints with Postman.

Adinid Digital Automation Pvt Ltd **Aug 2024 – Sep 2025**
Intern, Database Admin Faridabad, India

- Designed stored procedures, functions, and triggers to automate recurring business calculations and database processes.
- Created views, primary and foreign key constraints, and indexes; wrote complex joins, subqueries, and transactions.
- Installed and configured MySQL with MySQL Workbench; assisted with data migrations, upgrades, patching, and backup scripts.
- Collaborated with developers on database logic and maintained technical documentation.

PROJECTS

SQL Query Optimization and Latency Tuning *MySQL*

- Used EXPLAIN, composite indexes, and join rewrites on 500K+ records to cut query time from 2.4s to under 45ms (90%+ improvement).

Database Backup Automation and Restore Drills *MySQL, mysqldump*

- Scheduled logical and physical backups with retention rules; validated restores in staging, completing full restores in under 15 minutes.

Role-Based Access Control and Privilege Auditing *MySQL*

- Enforced least-privilege access with GRANT and REVOKE across development, staging, and production; audited access and removed stale users.

Daily Order Reporting and Data Reconciliation *SQL, Excel*

- Built multi-table SQL reports exported to Excel, with validation checks against transactional records replacing manual collation.

EDUCATION

Indira Gandhi National Open University (IGNOU) **Completed**
Master of Computer Applications (MCA)

Maharshi Dayanand University **2019 – 2023**
Bachelor of Computer Applications (BCA)

OTHER

- **Technical Skills:** MySQL, PostgreSQL, MongoDB, Redis, SQL (DDL, DML, DQL, DCL, TCL), query optimization, EXPLAIN plans, stored procedures, triggers, views, indexes, MySQL Workbench, Postman
- **Monitoring & DBA Practices:** AWS CloudWatch, Datadog, backup and disaster recovery, user access management, performance tuning, data migration, patching, documentation
- **Languages:** Hindi, English
